

TECTURN II Control Panel Replacement

To Siemens 'Soft-Touch' S-7 PLC Controls

Upgrade Bulletin

Obsolete item: Soft - Touch Keypad and Mother Board

Replaced with: Siemens S-7 PLC Controls

New features with upgrade:

- ➔ Off-the-shelf components in the proven S-7 PLC platform
- ➔ Color Touchscreen
- ➔ Robust diagnostics
- ➔ Adaptable and expandable, especially suited for data management systems
- ➔ Optional pivoting arm for console mounting

The upgrade kit comprises:

- ➔ Siemens S-7 PLC pre-wired on panel
- ➔ Touchscreen TP-170B with operator instruction manual
- ➔ Transmitter and Profibus cable
- ➔ Conversion schematics, vendor data, installation instructions
- ➔ Panel layout and miscellaneous connectors and tubing
- ➔ Discounted start-up rate with 90-day warranty**

Note: A replacement is used only with TECTURN II. If you have upgraded your web guides and have not interfaced with the TECTURN, we can assist you with that at time of install at no extra charge.

Installation and Start-up in as little as 16 hours. * When Touchscreen pivoting bracket is pre-mounted, and cable from Touchscreen to PLC is pre-installed.

** Start-up assistance by MEGTEC Technician required.
